PKWG,

* Revised CP_TK_Studies_review document attached.

We are going to meet this week (tomorrow), and I'm moving the time up to 2:10 pm to fit between other meetings.

The topic is chloroprene, see Alan and Allen's note below for recent history - a 'correction'/update of the previous review.

Subject: chloroprene PKWG discussion

Allen can jump-in and provide more details (or correct me) if needed.

There's an industry request for correction request for the chloroprene IRIS assessment (having to do with PBPK, MOA, and epidemiology—Allen can expand on that if he wishes).
